

1016 Rare Earth Magnet

Extra strength rare earth magnet designed to remove ferrous particles from the ink. Effectively reducing damage to rollers and other equipment.

1016 assembly includes the rare earth magnet and the threaded rod. This fits on to the top scoop in the filter. The magnet can be retrofitted to all Powerwise magnets.

Parts

1016	Rare Earth magnet with rod & hardware
1017	Stainless top hat cover
1021SS	Stainless top scoop

1017 Top hat is held in place by the magnet. The metal particles collect on the surface which is non magnetic. When the top hat is removed the contaminant can be easily removed by tapping the cover.
